caught a bass some time since at
Alderson that measured sixteen
inches and weighed two pounds
and four ounces.

The new opera house is nearing
completion. In fact the managers
are expecting to have their open-
ing next week, but whether every-
thing will be in readiness or not by
that time is not certain. Messrs.
Filton and Alexander have chang-
ed their plans to some extent. In-
stead of fitting up a room merely
as a room suitable for an electric
theater they have made a first-class
opera house out of it. The room
is 26x54 feet with stage room of 16
x26 feet in addition. It will seat
about 350 people. Seats are pro-
vided for in the dress circle for 250
and in the gallery for 100. This
will be ample for the average Mar-
linton audience at the present
time. Instead of the usual drop
curtains and scenery found in
opera houses in the smaller towns
this will be provided with raise
curtains and scenes. The room
will be fitted with regular opera
chairs, electric lights and electric
fans. Arrangements are now be-
ing made with one of the large
vaudeville circuits and good first-
class shows may be looked for in
the course of the next few weeks.
If the undertaking proves a success
the managers will build a theater
next summer that will accom-
modate the best shows now on the
road.

Most Remarkable Lady.

Miss Dot Ford, who is to appear at the Grand Opera House next week, is without doubt the most remarkable lady in the world, inasmuch as she possesses the peculiar ability to escape from any and all handcuffs, shackles, leg irons, manacles, straight jackets and even prison cells. Appearing in conjunction with her brother Don Ford they will present many sensational mysteries each night including "Transposition," a packing box mystery.

They carry an excellent company of vaudeville acts supporting their mystifying performance, including the latest and best moving pictures and illustrated songs. Don't fail to see this remarkable company, positively the only time here this season. Grand, 3 days, commencing Oct. 31st.

It looks as though West Virginia will
not be represented in congress next year.
What say you?

The bribery case in the senate is creat-
ing some disturbance. Democratic poli-
tics is not so clean after all.

Prof H. W. Dadrill will teach a ten
weeks training school here, beginning
some time in April. Notice will appear
later.

Roger-Grilley Recitals.

A large crowd witnessed the second
number of the Marlinton Lecture Course,
the Roger-Grilley Recitals.

The popularity of this course is increas-
ing with every entertainment as shown by
the large increase in the crowd attending
the Roger-Grilley Recitals last Thursday
night and the treat given by the manage-
ment to the children of Marlinton and
vicinity was taken advantage of by over
one hundred children who were all highly
pleased with the performance.

The Musical Four the third number of
the Lecture Course will be here on the
9th of February, this is followed by the
Dudley Buck Company on March 2nd and
Dr. Edward Amherst Ott on April 26th.
These numbers are very fine, all bearing
a National reputation, and the manage-
ment expects to book a similar course
next year and is especially desirous that
all people in Marlinton and vicinity should
attend one or more numbers of the course
this season.

H. Hardman three promising school teachers were seen on our streets Saturday.

Mr. Edward K. Marcum, Musical Director and Baritone Soloist, of the Dudley Buck Company which appears at the Opera House Thursday night, March 2nd, has had a thorough musical training. He was a piano pupil for several years of Mme. Schiller. Dr. Garrett Smith and Mr. Walter Hall were his instructors on the organ, and Mr. Marcum now occupies the position of organist in a prominent Fifth Avenue church. His vocal training has been under the leading New York teachers and he possesses a rich powerful voice.

Hallowe'en Party.

A hallowe'en party was indulged in by a number of young folks at the opera house last Tuesday evening. There were fifty or sixty couples present. The costumes were grotesque and when the time came to unmask the surprises were many. Dancing and other forms of amusement were kept up until the midnight hour when refreshments, consisting of cider, chestnuts and ginger cakes, were served. The hall was appropriately decorated in fodder, pumpkins and varl-colored leaves. A flash-light photograph was taken of the merry makers.

Albert Sharp moved his planing machinery on Donthards creek this week.

Most Accomplished Artists on the Lyceum
Stage, Opera House, Wednesday,
Night, March 8th.

In the Kellogg-Haines Singing Party there is an attraction which has no superior in its particular line of work in the lyceum today. There are five in the party, three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the best example of wit that good musical literature has to offer. Scenes are also given in grand operas. The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and and fresh wholesome power that it is sure to captivate the musical layman, while winning admiration from the musical critic of the severest type. As some one has already said, They have discovered just what the audiences want in the musical entertainment, but their claim

for recognition is in their quartette work. It is doubted if any other mixed quartette in America can approach them in that singing and individuality and perfect blending of voices that comprises ideal quartette work. It is heard in the singing of the foremost male quartettes but is known in mixed quartettes.

Prof. Charles A. Prosser, Superintendent, of the New Albany, Ind. Chautauqua says: "The Kellogg-Haines Singing Party has given, in the opinion of our patrons, the greatest satisfaction of all musical organizations that have appeared at our assembly in the last four years." If necessary this whole paper could be filled with like quotations.

This is the fifth and last number of the Course.

Single Admission \$1.00

Most Accomplished Artists on the Lyceum Stage, Opera House, Wednesday, Night, March 8th.

In the Kollogg-Haines Singing Party there is an attraction which has no superior in its particular line of work in the town today. There are five in the party, three gentlemen and two ladies. Much of their program is given in elegant and appropriate costumes. Some of these numbers are the best example of wit that good musical literature has to offer. Scenes are also given in grand operas. The chief claim that is made for this company is that they present entertaining concerts of such solid musical character and such fresh wholesome power that it is sure to captivate the musical layman, while winning admiration from the musical critic of the severest type. As some one has already said: They have discovered just what the audience want in the musical entertainment, but their claim

for recognition is in their artistic work. It is doubtful if any other mixed quartet in America can approach them in that singing and individuality and perfect blending of voices that comprises ideal quartette work. It is heard in the singing of the foremost quartet, whose name is known in mixed quartette. Prof. Charles A. Prosser, Superintendent of the Lyceum, Ind. Chautauque says: "The Kollogg-Haines Singing Party has given in the opinion of our patrons the greatest satisfaction of all musical organizations that have appeared at our assembly in the last ten years. If necessary this school party could be filled with the best quartet." This is the fifth and last number of the course. Single Admission \$1.00

FROST.

We are having some warm weather, the snow is going off and the farmers are glad. Early Diller and wife, of Marlinton were visiting in our neighborhood last week. Mrs. R. E. Campbell, who is at the Hinton hospital is still improving. Your paper is growing better and brighter every day and should find a place in every home regardless of politics. A Texas editor refuses to publish obituary notices of people who in his paper failed to subscribe for his paper and gives this reason: People who do not take their home paper are dead anyway, and their passing away has no news value. We had the pleasure of attending a birthday dinner given by Mrs. J. O. Casey at Huntersville Thursday last. The good woman has just passed her 80th year. We hope she may live long and when she grows older, her children will honor her birthday by making it a "Wifeless Day".

BEAVER CREEK.

Bess Mize is visiting relatives on the creek. J. H. Sanders was in Marlinton Friday. Our school will close next Friday. Rev. H. Underwood and wife were shopping in Huntersville Friday. Lee and Tyler Ryne have taken a job of cutting for J. H. Sanders. Moses Underwood went to North Fork to do some skidding. I will sing off for this time and come again. The snakes are out of their den, H. Underwood killed a snake in a corner over 2 1/2 ft. last Thursday, it was out in the field when the dog found it and fought pretty good for this time of year. Success to the News. Women Dr. Well in Marathon. A woman's Marathon race took place from Phoenix to Hutchinson, Kan. The race was held at 11 o'clock in the morning and the distance is about 200 miles. The woman who took the race was Mrs. J. H. Ryne and she would tell us any day.

Miss Pearl Elliott is the guest of Miss Mary Lee at her home last week.

Robert Hinkle has a very beautiful collection of books. He says that the volume will have increased by Friday night at a list price of the publisher.

Our opponent lawyer, H. M. Underbridge was at Front a few days last week on business.

Rev. Thomas Morgan has been visiting members of his church congregation for quite a number of days.

Our obliging postmaster, G. E. McEwen goes to Cass this week for the transaction of some business with the Deer Creek Lumber Company.

G. U. Pelling spent Monday in Marlinton. Rev. Morgan had charge of Mr. Pelling's case in his absence.

J. O. Loney, our mill carrier says that he is more diligent than most but that most is certainly more diligent than he.

Mrs. Birdie Dilly, the teacher of the Underwood school who is visiting friends in this community the latter part of the week. She reports her school near the track and

Quite an interesting audience was present at the Literary, Friday night. From all adjoining hamlets and towns, men, women and children flocked to the place of meeting for they had heard a report to the effect that the question, "Resolved: That Abraham Lincoln was a greater man than Geo. Washington" would be discussed, Pro and Con by two school girls, namely: Gladys Pelling to affirm, Kathleen Casey to deny. The debaters though inexperienced both handled the subject with an eloquence which was admired by all. The judges rendered a decision of two to one in favor of the affirmative.

The Literary is progressing nicely under President Wallace. We are glad to note the interest of the patrons and as the school is anticipating a re-organization of the H. L. S. next year, they are of course, expecting to have the same president again.

was a greater man than Geo. Washington" would be discussed, Pro and Con by two school girls, namely: Gladys Pelling to affirm, Kathleen Casey to deny. The debaters though inexperienced both handled the subject with an eloquence which was admired by all. The judges rendered a decision of two to one in favor of the affirmative.

Field Proportionate Share. A poor fellow having who solemnly promised an audience of the size of Hyacinths, told his grace he only came to exhibit his feet something to which a reporter, and as they were at the time ready, took some snapshots from Adams, asked he should not be refused. "Don't ask," said the fellow, "I'm sorry for that, it is a pity for you, and if all the feet of your audience will give you as much profit as a rubber heel that I am."

Edward Elminets Lyrics. A partridge devoted to the drama should be played based on some good-time crowd that lives. The difficulty in producing such plays is that women are most hard to beat, and in making a play the playwright, or even the audience, almost invariably adopts the view expressed two thousand years ago by a Greek on one of the days of the world. "He who has never loved a woman is not a gentleman."

Frank Wilson had a hard fall at night last week.

Mr. and Mrs. W. C. Dawson spent Wednesday in Denton, the guests of relatives.

Mr. H. O. Stumaker spent a week here visiting in town last week.

The wind weather of the past week has cut down the crops to such an extent that it is not entirely sure have ground in some places.

Mr. East Perry left on Monday to spend a few days with relatives before returning to Pennsylvania, where he has accepted a position as inspector on a hard wood mill.

An unidentified man was killed by a local freight train between here and Gladys last Saturday morning. It is supposed that he had fallen asleep while sitting down to rest, and the engineer did not see him in time to stop the train before it hit him.

We regret to learn of the fire that destroyed Harry Bowden's store at Gladys on Monday morning. First in this vicinity have been quite frequent lately. On Tuesday morning the Western Maryland water tank at Oxley burned. It does seem that this ought to change the luck.

FINE PEACHES.

Some of the finest peaches seen in this locality are on exhibit in show window of Thomas Jewellery Co. They were raised at Vinita, Okla., by W. R. DeFue of that place who is here advertising his home city and selling lots. He reports his life already odd here.

Paul's Journey for That Age. Cardinal Wolsey did not live to an age of eight years, but he created it for himself. His capacity for rapid travel was a valuable aid in carrying out a career. Wolsey is said to have died one year before he was 80. He was charged with a message from Henry VII to the Emperor Maximilian in the low countries and left London in the afternoon. He went by boat to Deventer, by horse to Louvain, then by boat again to Orlens, and he was with the emperor the following morning and back to the king in less than two days from the time of starting.

Live Telegraph Poles. In Mexico the telegraph poles are made of live telegraph poles which run and are broken. They are of one length and are placed with the live poles. In some parts of the country a single pole is used for the poles, and this will make good. However, in some of the states of the north and in the republic of Central America.

West End of City Yesterday. It was a very busy day in the West End of the city yesterday. The day was very busy and the streets were very crowded. The day was very busy and the streets were very crowded.
